Strictly speaking the Mysore City Municipality must pay the entire salary of the Health officer. But it is doubtful whether it can at least pay the allowance of Rs 100 recommended in case the Kadaudaram Health officer is attached to Health office.

Consult the President & Council. The municipality would its own money for Health officer. Kadaudaram work very costly so Rs 80 + 100 = Rs 180 recommended is reasonable. We may know what is necessary for this purpose further recommended by Sanitary Commissioner & Surgeon-General. Ask the President to report soon

The Plague Commissioner in his memo forwarded with his letter No 7521 dated the 9th April 1900 suggested that "the Civil Surgeon will, for the present, be the Health Officer on a monthly allowance of Rs 200 pending the appointment of a full-time Health Officer. He will exercise all the powers conferred on, and perform all the duties pertaining to the present Chief Plague Officer and Health Officer. He will be provided with an office establishment costing Rs 200 per mensem. The Municipality also wanted a full time Health Officer instead of an Ex-officio

Health Officer

The Govt in their order No Jg. 1291-3 dated the 19th April 1900 says "The Municipal Commrs should as early as possible arrange for the appointment as desired by them of a full-time Health Officer payable from its own funds. Pending such appointment, the Civil Surgeon will as proposed by the Health Officer on an allowance of Rs 200 a month and in addition to his own duties"

does not add to the information already before Govt. The Govt. of India proposed the Asst. Surgeon in the subordinate Health Officers of the Bangalore City is Rs 200 & which the Senior Surgeon recommended the addition of an allowance of Rs 200. The reason is for reducing this allowance to Rs 150. The Mysore city is to have a Health Officer of the rank of a Civil Asst. Surgeon whose grade pay is Rs 80 (not Rs 100 as erroneously noted by me on a former occasion) and whose allowance the Govt. proposed fix at Rs 100. In both cases the grade pay is to be debited to the Medical Budget, & the allowance to the Municipalities concerned (not to the Police Funds as first intended).

Sir,

I have the honor to inform the Government of Mysore, that Colonel Beveridge has left on record his strong recommendation that Assistant Surgeon Mr Palpu, now returning from a course of study in England should be posted as health officer to Bangalore City

I have great pleasure in endorsing this recommendation as I know a good deal about this officer and feel sure he would do credit to the appointment for which he is now recommended

I expect him in about three days. He is now in Bombay enquiring at my request into the methods of standardising Plague Prophylactic which will take a couple of days.

Colonel Beveridge recommends an allowance to him of Rs 300/ per mensem.

To

The Secretary to the Government of Mysore,
Reveuue and General Departments.

SIR,

With reference to your docket no 409 Mis 209 dated 21st July 1900, requesting to report whether the Mysore City Municipality can afford to bear the pay and allowance ~ (Rs 100 plus Rs 100) of Mr A. Kodandapani Mudaliar, Sub-Assistant Surgeon, whom the Senior Surgeon has recommended for Health officer's post of the Mysore City, I have the honor to state that in my opinion it will be a great advantage to appoint Mr A. Kodandapani Mudaliar as Health officer, as I understand he possesses ~ English qualification having undergone training in England. But the Board owing to financial difficulties, resolved that ~

that the present Sanitary Inspector of Bhadravati may be appointed as Health Officer on his present pay of Rs 80/- with an allowance of Rs 20/-, instead of Rs 15/- at present allowed, as he has qualified himself by passing the prescribed examination for certificated Sanitary Inspectors A copy of its resolution is herewith submitted for information.

The present incumbent may be provided with a similar appointment in one of the District Head Quarter Municipality such as Shimoga

I have the honor to be

Kodandapani Mudaliar, Sub-Assistant Surgeon, whom the Senior Surgeon has recommended as Health Officer of Mysore City.

Resolved by a majority 11 to 5 that a Health Officer is very necessary and the present Sanitary Inspector may be appointed as Health Officer on his present pay and on a horse allowance of Rs 20- instead of Rs 15 which is now given.

To The S.S. & Sanitary Commr.

Medl 63-9-15 Dy no. 4658/L731

From

Lt. Col. P.H.Benson M.B, I.M.S.

Senior Surgeon and Sanitary Commissioner

Mysore Government

Bangalore.

To

The Secretary to Government

General & Revenue Departments,

Bangalore.

Dated 26th October 1900.

No. 1950.

Sir,

I have the honor to acknowledge receipt of Proceedings of Government with Order thereon No. 5391/M.1091 dated 15th October 1900 and in reply write to say that the duties of a Medical Officer of Health are detailed in the enclosed extract from the order of the Local Government Board in England dated March 189[illegible]

2. The duties of the Health Officers of the Cities of Bangalore and Mysore will be similar with slight alterations but until the scheme for the Sanitary Department which I am preparing has been considered and adopted their duties may be confined to:-

(1) The control of Registration of Births and Deaths and of Vital statistics in general.

(2) The supervision of conservancy and sanitation.

(3) General enquiry into matters concerning Public health i.e. the causes of fevers, cholera &c and all epidemic diseases other than Plague for which there is a separate Department.

3. Regarding the salaries of these Officers I propose that as the Municipal Funds are too poor to bear the cost of their pay, it may be debited to the Medical Budget, but that the allowances of the Health Officers of both Bangalore and Mysore be borne by the Municipalities concerned. In the case of the Bangalore Municipality I may mention that the proposal made by me was approved of at a general meeting. Mr. Palpu's name was suggested

by some of the Members. As far as I am aware the Mysore Municipality was not consulted.

I have the honor to be,

Sir,

Your most obedient servant,

For Senior Surgeon & Sanitary Commissioner

Mysore Government.

Duties of a Medical Officer of Health of a District in England as prescribed by the Local Government Board:-

(1) He shall inform himself as far as practicable respecting all influences affecting, or threatening to affect, injuriously the public health within the District.

(2) He shall inquire into, and ascertain by such means as are at his disposal the causes, origin, and distribution of diseases within the district, and ascertain to what extent the same have depended on conditions capable of removal or mitigation.

(3) He shall, by inspection of the District, both systematically at certain periods, and at intervals as occasion may require, keep himself informed of the conditions injurious to health existing therein.

(4) He shall be prepared to advise the Sanitary authority on all matters affecting the health of the District, and on all sanitary points involved in the action of the Sanitary Authority, and in cases requiring it he shall certify for the guidance of the Sanitary Authority or the justices, as to any matter in respect of which the certificate of a Medical Officer of health or a Medical practitioner is required as the basis or in aid of sanitary action.

(5) He shall advise the Sanitary Authority on any question relating to health involved in the framing and subsequent working of such byelaws and regulations as they may have power to make, and as to the adoption by the Sanitary Authority of the Infectious Diseases (Prevention) Act, 1890, or of any section or sections of such act.

(6) On receiving information of the outbreak of any contagious, infectious, or epidemic disease of a dangerous character within the district, he shall visit the spot without delay, and inquire into the causes and circumstances of such outbreak, and in case he is not satisfied that all due precautions are being taken,

taken, he shall advise the persons competent to act as to the measures which may appear to him to be required to prevent the extension of the disease, and take such measures for the prevention of disease as he is legally authorised to take under any statute in force in the District, or by any resolution of the Sanitary Authority.

(7) Subject to the instructions of the Sanitary Authority, he shall direct or superintend the work of inspector of nuisances in the way and to the extent that the sanitary authority shall approve, and on receiving information from the inspector of nuisances that his intervention is required in consequence of the existence of any nuisance injurious to health, or of any overcrowding in a house, he shall, as early as practicable, take such steps as he is legally authorised to take under any statute in force in the district or by any resolution of the Sanitary authority, as the circumstances of the case may justify and require.

(8) In any case in which it may appear to him to be necessary or advisable, or in which he shall be so directed by the Sanitary Authority, he shall himself inspect and examine any animal, carcase, meat, poultry, game, flesh, fish, fruit, vegetables, corn, bread, flour, or milk, and any other article to which the provisions of the Public Health Act, 1875, in this behalf shall apply, exposed for sale, or deposited for the purpose of sale, or of preparation for sale, and intended for the food of man, which is deemed to be diseased, or unsound, or unwholesome, or unfit for the food of man; and if he finds that such animal or article is diseased, or unsound, or unwholesome, or unfit for the food of man, he shall give such directions as may be necessary for causing the same to be dealt with by a justice according to the provisions of the statutes applicable to the case.

(9) He shall perform all the duties imposed upon him by any byelaws and regulations of the Sanitary Authority, duly confirmed,

confirmed, where confirmation is legally required, in respect of any matter affecting the public health, and touching which they are authorised to frame byelaws and regulations.

(I0) He shall inquire into any offensive process of trade carried on within the district, and report on the appropriate means for the prevention of any nuisance or injury to health therefrom.

(II) He shall attend at the office of the Sanitary Authority, or at some other appointed place, at such stated times as they may direct.

(I2) He shall from time to time report in writing to the Sanitary Authority his proceedings, and the measures which they require to be adopted for the improvement or protection of the public health in the district . He shall in like manner report with respect to the sickness and mortality within the district so far as he has been enabled to ascertain the same.

(I3) He shall keep a book or books, to be provided by the Sanitary Authority, in which he shall make an entry of his visits, and notes of his observations and instructions thereon, and also the date and nature of applications made to him, the date and result of the action taken thereon, and of any action taken on previous reports; and shall produce such book or books whenever required, to the Sanitary Authority.

(I4) He shall also make an annual report to the Sanitary Authority up to the end of December in each year, comprising a summary of the action taken, or which he has advised the Sanitary Authority to take, during the year for preventing the spread of disease, and an account of the sanitary state of his district generally at the end of the year. The report shall also contain an account of the inquiries which he has made as to conditions injurious to health existing in his district, and of the proceedings in which he has taken part or advised under any statute,

statute , so far as his proceedings relate to those conditions; and also an account of the supervision exercised by him, or on his advise, for sanitary purposes, over places and houses that the Sanitary Authority have power to regulate, with the nature and results of any proceedings which may have been so required and taken in respect of the same during the year. It shall also record the action taken by him, or on his advise, during the year, in regard to offensive trades, to dairies, cowsheds, and milkshops, and to factories and workshops. The report shall also contain tabular statements (On forms to be supplied by the Local Government Board or to the like effect) of the sickness and mortality within the district, classified according to diseases, ages, and localities. Provided that if the Medical Officer of Health shall cease to hold office before December 3Ist in any year, he shall make the like report for so much of the year as shall have expired when he ceases to hold office.

(I5) He shall give immediate information to the Local Government Board of any outbreak of dangerous epidemic disease within the district, and shall transmit to the Board a copy of each annual report and of any special report. He shall make a special report to the Local Government Board of the grounds of any advice he may give to the Sanitary Authority with a view to the closure of any school or schools in pursuance of the Code of Regulations approved by the Education Department and for the time being in force.

(I6) At the same time that he gives information to the Local Government Board of the outbreak of infectious disease, or transmits to them a copy of his annual or any special report, he must give the like information, or transmit a copy of such re-port to the County Council of the county in which his district is situated.

(I7) In matters not specifically provided for in this order he shall observe and execute any instructions issued by the Local Government Board, and the lawful orders and directions of the

the Sanitary Authority applicable to his office.

(I8) Whenever the Local Government Board shall make regu-lations for all or any of the purposes specified in section I34 of the Public Health Act, I875, and shall declare the regulations so made to be in force within any area, comprising the whole or any part of the district, he shall observe such regulations, so far as the same relate to or concern his office.
